- ◆ 2+ Years of Community Mental Health experience as Community Support Worker/Case Manager/Therapist.
- ◆ 1.5 Years of Inpatient Psychiatric experience as Unit Social Worker in a unit designed as a therapeutic community.
- ◆ 4.5 Years of Inpatient Psychiatric experience, working as mental health counselor in secure inpatient setting, initial evaluation of new patients, treatment planning, charting, counseling and responsibility overall for assigned patients during hospitalization, coordination with Unit psychiatrists and work with families and aftercare planning.
- ◆ Completion of a number of courses at Gestalt Institute of Cleveland with emphasis in Individual Therapy, Group Work and Working with Physical Process.
- ◆ 20+ Years of IT experience, including extensive experience with investment and retail banking data with a tremendous success rate for on time, correct results in computer programming work. Standards and documentation are highly regarded.

**CAREER HIGHLIGHTS – Mental Health Experience**

**North Community Counseling Center, Inc.**  
**Columbus, Ohio**

**9/11-12/13**

**Community Support Worker**

- ◆ Provided all case management tasks and therapy services for a case load varying from 80-120 clients. Met all productivity requirements and documentation requirements for this environment, all in a timely manner, coordinating care within and external to the agency.
- ◆ As Case Manager and provider, completed planning, implementing, and execution of individual service plans, evaluating services and utilized programs. Assisted with obtaining food, housing, gas and electric assistance, legal assistance, medical/dental care, clothing, disability benefits and other needed community resources as necessary.
- ◆ Assisted clients in gaining understanding and implementing alternatives to current life issues to improve their lives.
- ◆ Provided reality based feedback to those having current difficult with boundaries and reality and assisted clients with finding a safe environment when needed.
- ◆ Provided individual therapy to clients with a variety of problems, backgrounds and diagnoses; both brief solution based therapy as well as extensive work with those who have been traumatized and abused.

**St. Ann's Hospital**  
**Columbus, Ohio**  
**Unit Social Worker**

**5/79-8/80**

- ◆ Developed/Implemented social services plans in collaboration with other staff in an inpatient psychiatric unit. Liaison to all referral sources and community outpatient facilities.
- ◆ Provided individual, family, and group therapy including a daily gestalt based therapy group and a weekly family group.
- ◆ Supervised and developed staff in the implementation of social services plans, family treatment, discharge planning, and all social services areas. Supervised social work graduate student.
- ◆ Formulated and implemented policy in conjunction with other administrative staff in St. Ann's psychiatric unit as an employee of Columbus Area Community Mental Health Center.

**St. Ann's Hospital**  
**Columbus, Ohio**  
**Mental Health Counselor**

**3/73-9/77**

- ◆ Provided initial intake diagnostic assessment, developed treatment plans, worked with physicians throughout patient's hospital stay relative to medication, and progress, provided counseling as needed, as well as all other inpatient needs for specific patients, developed aftercare plans and discharge planning with patients and families. This unit had a number of innovative opportunities as a therapeutic community with daily community meetings, movement group, art therapy and great ongoing training.
- ◆ Our clients were well cared for with consideration for their overall family and life situations as well as the crises which brought them into the hospital. Each of us had primary responsibility for some patients and secondary care for others, and it was our responsibility to consider all aspects of their lives and their problems and to prepare them for reentry into the larger outside world.
